## Library Release Notes:

### Version 1.0

- Initial Release

### Version 1.10

- Modified to work with Windows 10 built-in CDC driver.
- Added USB connection speed to Enumerated callback.

## Example Project Release Notes:

### Version 1.0

- Initial Release

### Version 1.10

- Added 'Lib Echo:' to transmitted serial data to avoid potential confusion with local-echo Host PC's serial terminal program.
